

GAMES, GAMES, GAMES!: June 16 - 20

Time to play! Students will take advantage of the summer and enjoy games of all kinds. Playing games builds critical thinking skills, social intelligence, and character. A typical day of camp would include sports, group games, board games, water games, and a visit from Game Truck, a semi truck filled with video games!

Campers will enjoy water play every day this week. Campers will need water shoes or flip flops and a towel.
