

## **THE CHRIST SCHOOL UNIFORM POLICY GENERAL EXPECTATIONS FOR ALL STUDENTS**

The Student Uniform Policy has been developed to provide a uniform, consistent appearance for our students. TCS believes that our uniform policy plays an important role in maintaining a culture conducive to developing great learners by promoting an emphasis on the pursuit of academics and reducing the emphasis on the pursuit of outward values, contributing to a positive environment in which all members are protected and respected.

Students have several uniform options. It is the parent's responsibility to make sure their child complies with the student uniform policy each day when they arrive at school. Students who are not in the proper uniform may receive one or more of the following consequences: a verbal notice; a written notice sent to the parents; or the student may be sent to the office and a phone call will be made to the parents instructing them to bring the proper uniform to school. The Christ School reserves the right to take corrective steps and administer additional consequences for non compliance of the uniform policy and general expectations for all students, which can include a loss of privileges and participation in events and activities.
